**Lots of Options:** Not only do we offer close to 50 trips, but most of them contain elements that allow you to personalize your travel experience. Group travel has been redesigned.

Trojan Travel is pleased to present our 2019 catalog, featuring trips that provide an opportunity for lifelong learning through travel. And we offer something else as well—the excitement and camaraderie of traveling with other members of the Trojan Family. What could be better?

In 2019, USC travelers are invited to explore nearly every region of our wonderful world. Enjoy favorites such as European river cruises and visits to the Far East, as well as brand new tours to Iceland for the northern lights and Uganda to search for mountain gorillas—and so many more! The USC alumni association also marks the 75th anniversary of D-Day, and we’re proud to offer a number of trips that commemorate this milestone.

Our goal at Trojan Travel is to make your journey as easy as possible. Just pack your bags—we take care of the rest. Our office provides support and handles all the necessary details, and professional travel directors assist you throughout your journey. Our travel partners are the best in the industry, and, along with local experts, carefully select and vet the best locations and properties for each tour. In short, we make sure that your Trojan Travel experience is exceptional.

So wherever your travel dreams may take you, let us help you get there. Visit our website— TrojanTravel.usc.edu—for full details, brochures and updates on all the trips listed here (note that most trips can be booked before the brochures are released).
