WONDROUS CULTURES AND WILDLIFE

Dear Trojans,

Join fellow alumni and friends for an unforgettable immersion into the rich and exotic depths of India's history, traditions, and nature—where thousands of years of civilization, contemporary locals, skilled artisans, and an abundance of intriguing wildlife fuse together on one incredible subcontinent.

This multifaceted journey to the Golden Triangle and beyond will transport you through the rise and fall of empires and dynasties while surveying the architectural grandeur that reflects the history, culture, and religions of an amazing past. Visit a variety of significant structures with “bucket list” appeal, including the UNESCO World Heritage Sites of Humayun's Tomb, the Taj Mahal, Amer Fort, Agra Fort, and Hawa Mahal.

Experience a colorful mosaic of Indian life in this expertly curated adventure with an invigorating rickshaw ride through Delhi, engaging village visits, and special opportunities to meet with artisans to discover their living traditions. Watch the craft of marble inlay, learn how gems are processed into jewelry, and browse handmade goods at various vibrant markets.

No in-depth exploration of India would be complete without nature and wildlife. This robust itinerary features a visit to one of the most spectacular water bird sanctuaries in the world—Keoladeo National Park —plus extended time at Ranthambhore National Park for a pulse-racing chance to spot diverse wildlife including elusive tigers, among the endless, breathtaking scenery.

Space is limited. With significant savings of more than \$1,000 per couple, we anticipate this tour will fill quickly, so be sure to reserve your spot today and share this brochure with family and friends who may be interested in traveling with you.

How to single out anything? I certainly enjoyed the variety of experiences, ranging from historical and cultural buildings and monuments, to the wildlife preserves! I feel that I had an overwhelming and life-affecting introduction to the rich gifts of India, even if it's just the small part of India that we sampled.
