EXCLUSIVE LAST MINUTE DEAL FOR USC TROJAN TRAVEL

Dear USC Alumni and Friends,

We're thrilled to offer this rare WWII journey at an exceptional value—an unforgettable opportunity to walk through history, but with limited time to secure your place.

The story of D-Day and the Allied invasion of Normandy has been at the heart of The National WWII Museum's mission since they opened their doors as The National D-Day Museum on June 6, 2000, the 56th anniversary of D-Day. Since then, the Museum in New Orleans has expanded to cover the entire American experience in World War II. The foundation of this institution started with the telling of the American experience on D-Day, and the Normandy travel program is still held in special regard—and is considered to be the very best battlefield tour on the market.

Drawing on historical expertise and an extensive archival collection, Normandy and the City of Light takes visitors back more than 80 years, to June 6, 1944. Embark on a memorable journey from the famous church at Sainte-Mère-Église to Omaha Beach and Pointe du Hoc. Along the way, also discover the medieval treasures of Normandy in Bayeux and Rouen, then conclude in Paris to learn about the tragedies under occupation and triumphs after liberation.

Led by local guides who are experts in their fields, this travel program offers an exclusive experience that incorporates pieces from the Museum's oral history and artifact collections into presentations that truly bring history to life. Discover the lesser-known stories of France, and experience this country in a new way. Even if you have been to France before, this tour promises to uncover history you've never heard of!

Sincerely,
